Spotlight on Good Works: **BC CEAS**

The BC Coalition to Eliminate Abuse of Seniors is a provincial forum for individuals, seniors, community agencies and organizations, government, and policymakers who work together to eliminate the abuse of seniors.

Research indicates that 1 in 12 seniors in BC will experience financial abuse, often by family and other helpers or caregivers. With a Grant from the Notary Foundation, BC CEAS has developed and printed 500

copies of *Strategies for Notaries Working with Seniors*. The booklet gives Notaries helpful information and tips for working with seniors in these four areas.

- Attitudes toward seniors
- Seniors as victims of abuse
- Legal issues
- Resources

Copies of the booklet were distributed at the 2005 annual general meeting of The Society of Notaries Public of BC. The booklets are available upon request from BC CEAS. ▲
