The Master's Program for BC Notaries Has Begun

Tuesday, September 2, 2008, marked the first day of studies for BC Notary students in our new Master's degree program through Simon Fraser University.

The first day at SFU's beautiful Surrey Campus was made up of orientation classes about The Society's structure and business marketing. At the end of the day, The Society hosted a reception for students, faculty, Society Directors, and special guests.

For the next 18 months, the 24 students will take a variety of courses

as part of their Master of Arts in Applied Legal Studies (MAALS), followed by 2 months of articling, statutory exams, and practical training. Upon successful completion, students will graduate in the Spring of 2010.

Congratulations to all the students in this first class of our Graduate Program.
