Burnaby Notary and Canadian Immigration Consultant **Editha Corrales Nelson** raised over \$5000 dollars for the Leukemia and Lymphoma Society in the December 2006 Honolulu Marathon.

“I trained for the Marathon through the Leukemia and Lymphoma Society. Five hundred runners from North America ran in our purple singlets for this blood cancer. About 20 were from the Lower Mainland; the rest were from all over Canada and the US.”

Editha, 40, was inspired to become a volunteer after attending a session to train for a full marathon. “I never knew anything about this disease and am overwhelmed with the fact that I know so many people that have friends and family who have suffered and lost to this disease. The fact that there is no cure really hit me hard.”

Says Editha, “If my running a marathon can at least help one individual battling this disease, then I feel I have a purpose. Running for these people gives real meaning towards this cause. It’s a remarkable motivator.”

Editha ran for family and friends who have lost their lives to this disease and for some who are still fighting.
