Your New Design

Congratulations on the new look! I always enjoy *The Scrivener* and I think the added visual impact just makes it better.

Cheers!

Small World . . .

The late Frank McKinnon [People: page 78, Spring *Scrivener* 2004] was a friend of my parents from many years back. In fact, my mother says he was my grandparents' paper delivery boy in the 1920s in Cloverdale!

Frank's family has property here on Mayne Island. His son, BC Supreme Court Justice Ronald McKinnon, played the bagpipes for my father's memorial service. It was very moving.

I gave extra copies of the magazine to Jean Chizeck, one of Frank's daughters. She was pleased to have them for the family.
