

As you will recall from reading *The Scrivener*, retired BC Notaries **Bob Pound** and **Art Jacobson** are the best of friends. Bob celebrated his 97th birthday in June and Art turns 87 in September. Hearty congratulations to you both!

**Rosalyn Mow**, only child of **Charles Mow** and Vancouver Notary **Susan Tong**, is currently enrolled at UBC, majoring in Human Nutrition and Dietetics. A retired National Stream Rhythmic Gymnast, Rosalyn still competes in various dance competitions.

Surrey Notary **Janice McMath** and nine other Canadian kayakers flew to Loretto, Mexico; they were met by their guide who bussed them—and the kayaks—up to San Nicolas. Paddling along the coast of the Sea of Cortez and camping on beaches, they saw dolphins dancing across the waves, whales spewing forth, huge jellyfish, stingrays, and colourful and exotic fish.

The conch shells were huge—and so many colours. Up at 5:30 AM and on the water before 7:30, the kayakers paddled into caves, snorkled, and viewed incredible marine life. The sunrises and sunsets were gorgeous. Janice highly recommends this adventure!

*Tiah's group geared up for the zip lines. The longest line was 1970 feet, 260 feet up in the air! You can't tell from the photo, but Tiah says she had tears in her eyes—she was so scared!*

Nanaimo Notary **Tiah Workman** has been travelling, too. In Costa Rica in February, she faced her fear of heights on zip lines and suspension bridges through Monteverde's cloud and rain forests, snorkelled for the first time, and hand-fed wild white-faced monkeys.

In March, Tiah, son **Graeme**, and his high school group toured Rome, the Vatican, the Coliseum, and ancient Roman ruins. Unfortunately, she missed Naples, Capri, Sorrento, and Greece when a bacterial infection in her leg forced her early return to BC. As she was leaving for the airport, Tiah watched a new tour group check into the hotel. The faces looked familiar. The group of 20, including one of her children's teachers, was from Nanaimo!
