Fall 2005:

## PINK POWER!

### ***Dr. Stéphanie Côté***

This issue focuses on Women in BC who are making a difference. Our Cover Story is Dr. Stéphanie Côté, Astronomer at the Herzberg Institute of Astrophysics, National Research Council of Canada in Victoria—a woman shining in a male-dominated field. This “Dwarf Galaxy Huntress” has discovered new dwarf galaxies lurking in our heavens. Dr. Côté is an expert at communicating complex notions for the benefit of Canadian researchers and the general public.

### **Display Advertising Opportunity**

Showcase ***your*** business to the thousands of Allied Professionals in BC who read *The Scrivener*, quarterly.
