

TO THE FOUNDATION

Annemarie Stasiuk

I would like to thank the Notary Foundation of BC for its generous award.

As a full-time student and mother of two, I find it hard to maintain part-time work and keep up with my studies. With the help of the BC Notaries award, which I will happily put toward my tuition, I can apply more effort to my studies to obtain my goal of being in the top 5 percent in this course.

I chose to do my studies in the Legal Office Assistant program at Camoson College because the teachers are very informative and, during my research with prospective employers, the college was acknowledged with respect. This 12-month course consists of three terms of 6 courses each. Such a heavy schedule calls for many hours of study to achieve honours.

The program is designed to provide students with career training so we may enter the workforce with legal knowledge and confidence.

After this intense year, I plan to join the workforce with great pride and continue my learning to advance to further career opportunities.

Thank you again for your extreme generosity. It is greatly appreciated.

Yours sincerely,
Annemarie Stasiuk
